

Akademik Sergey Vavilov

Finnish-built for the Russian Academy of Science, this ship was designed to travel quietly, during hydro-acoustic research. She is exceptionally stable, yet manoeuvrable, with external stabilizers and a built-in trimming system providing exceptional stability. *Akademik Sergey Vavilov* has an ice strengthened hull and a cruising speed in open water of 14.5 knots. She carries a maximum of 94 guests.

A separate bar and lounge located on deck 6 with expansive 180 degree views, as well as a library provide ideal places to sit and relax or catch up on some reading. Enjoy the sumptuous meals prepared for you by the culinary team in the dining room, which can host all clients in a single seating with ample room. Other facilities include the theatre style presentation room, gift-shop, fitness room, massage room, hot water spa sauna, and salt water plunge pool.
