

AQUA-FIRMA

Ocean Adventurer

Ocean Adventurer is a beautifully engineered polar adventure ship with an ice strengthened hull. She was originally built in 1975, but in 1998 she underwent a \$13 million major refurbishment.

She offers en suite accommodation for up to 128 guests, with 8 different cabin categories to choose from, including triple, twin (with window or porthole), superior, deluxe or suite cabins.

She has its own fleet of zodiacs, perfect for cruising around icebergs and making onshore landings. She has ship-to-shore satellite communications with email and wireless Internet access.

She has a multipurpose lounge and presentation room, ideal for evening lectures group discussions or simply relaxing at the end of an adventurous day. Guests can also unwind in the onboard library. The observation deck provides ample seating and is a fantastic vantage point from which to survey the surroundings and look out for wildlife.

Guests can enjoy fine dining in *Sea Adventurer's* elegant dining area; meanwhile the two onboard bars provide the ideal setting for a leisurely chat. There is also a convenient 24 hour beverage station. Other facilities include a clinic with licensed doctor, a gym, gift shop and onboard massage therapist.
