

World Explorer

Introduction

The *World Explorer* is a luxury vessel which provides a home away from home experience. Cabins are roomy and comfortable with either a private walk-out or a Juliet balcony. There are plenty of public areas to relax, including the glass-domed Observation Lounge, the Explorer Lounge, library and a dedicated lecture theatre. There is also an outdoor running track, large heated outdoor pool gym, sauna, spa and medical clinic.

Dining Room

There is one dining room located on Deck 4. If there is one constant at sea, it is that you'll enjoy delicious meals on a daily basis. While meal times may change due to landings and wildlife encounters, you'll always be served three meals a day. Hours of operation will be posted around the ship, as they are subject to change based on the activities planned for your voyage each day.

Breakfast, Lunch & Dinner Service

There is one seating for all passengers at breakfast, lunch and dinner. The dining room has an open seating policy.

Snacks & Cocktail Hour

Assortments of fresh-baked cookies and/or pastries are offered each afternoon. There is also a selection of hot and cold snacks available in the lounge during cocktail hour, expedition activities permitting.

Dietary Requirements & Allergies

If you do not eat meat there is a wide selection of vegetables, pasta, grains and fruit available. The onboard chef is able to cater to most special dietary requests, as long as you clearly indicated your needs on the required expedition forms when you booked your voyage. Menus will be clearly labelled for vegetarian and gluten free options, but please do notify your server of the dietary restrictions you indicated on your form. We regret that kosher food cannot be prepared.
